

HOW MUCH  
LONGER IS  
IT GOING  
TO BE?!

At first, we only heard a little bit  
about Cocovirus...

BLABLABLACOCOVIRUSBLABLA...

...then a little more...

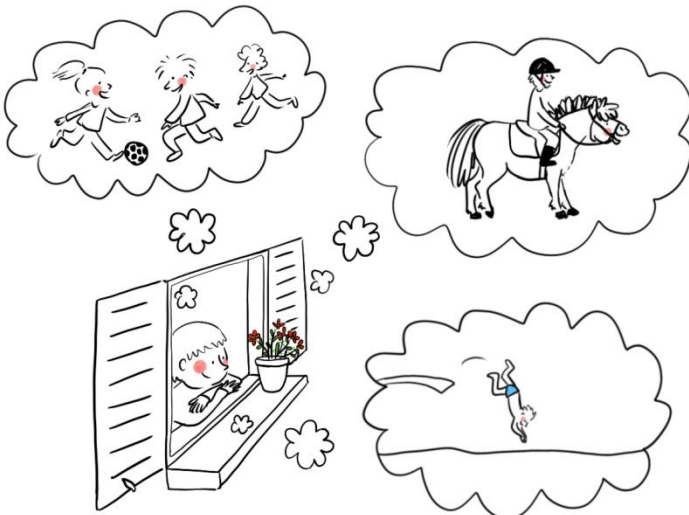

...BLACOCOVIRUSBLABLACOCOVIRUSBLABLA...

...and now it's all people talk about!

COCOVIRUS COCOVIRUS COCOVIRUS  
COCOVIRUS COCOVIRUS COCO  
BLABLA COCOVIRUS COCOVIRUS  
COCOVIRUS BLABLA...

And we are all at home, keeping busy and  
entertaining ourselves. However, even  
though it's nice outside, there are some  
things that we miss.

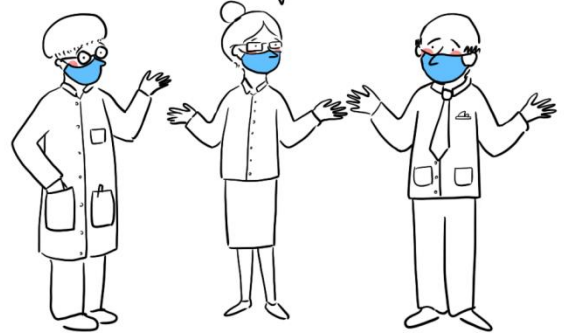

So, what's the truth? ...

AAAH. HOW  
MUCH LONGER  
IS IT GOING TO  
BE?!

Not even specialists or the leaders of  
our countries know.

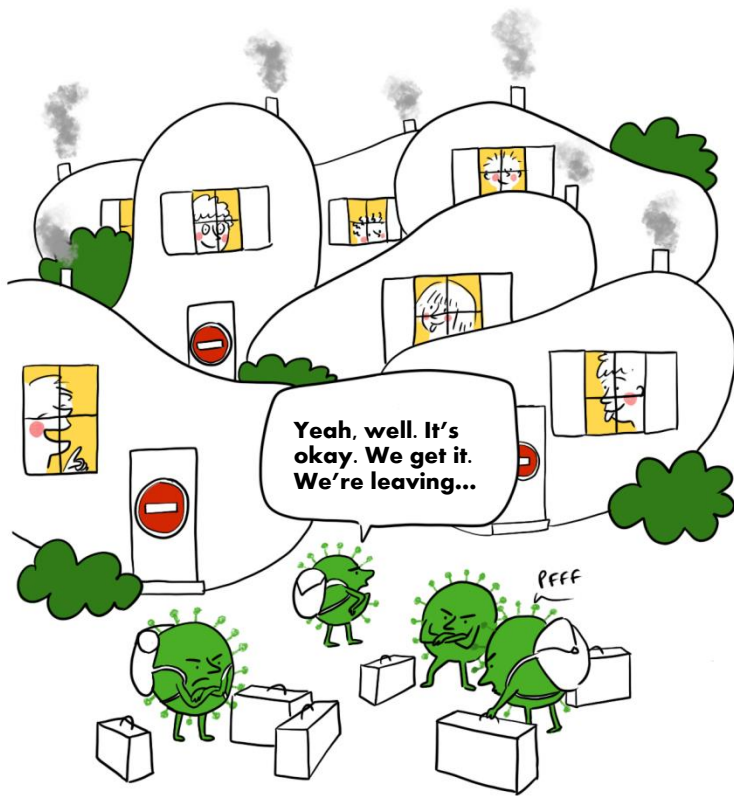

WE'RE SORRY!

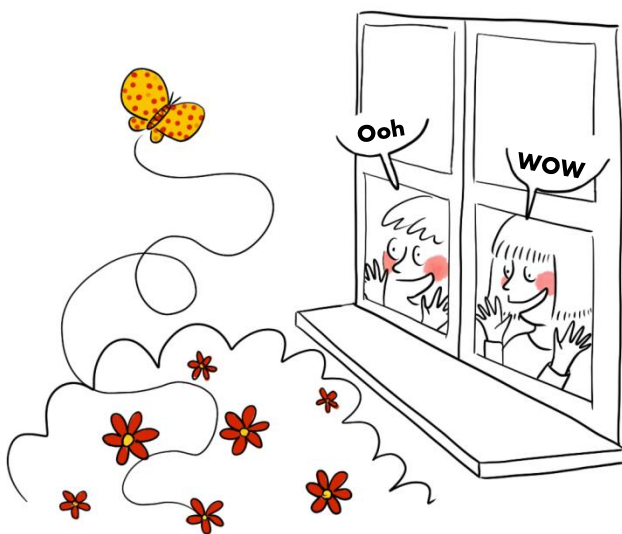

They will only be able to tell us we can  
go back to our normal lives when the  
number of people who are poorly with  
the Cocovirus starts to go down.

And for Coco and his gang of baddies to eventually go away, we must all stay at home.

I know that it isn't fun not knowing when we will be able to leave our homes, but we must have faith and be patient...

...we **WILL** get our freedom back!

You could even start to make a list of everything you want to do when the Coco-lockdown is over.

**Tuesday 24 March 2020**

**Lesson of the day**  
**When I can go out again,**  
**I will:**

1. **See my friends**
2. **Go to the beach**
3. **See grandma**

So, what's it going to be?

You could also talk to your parents about the next holiday you're all going to go on.

Now, I'd like you to draw me a picture of a magnificent place where you would like to be right now!
